

The Residents Of Pleasantside Ioco Community Association

ALDERSIDE RESIDENTS COMMITTEE

NOTICE 5

August 2, 2023

Your Waterfront License with Vancouver Fraser Port Authority

You may have received a call from the Vancouver Port Authority on a fact finding mission regarding the waterfront License issue we have been diligently working on .

For the past several months we have been attempting to meet with Port officials to discuss the egregious terms of the new proposed license agreements that would replace your existing license agreement and they have declined our invitations . We have had several email campaigns requesting answers to the changed agreements , questions raised at the AGM by individual homeowners prompted by our email campaigns , email and phone correspondence directly with the VP of Real estate Jennifer Natland as well as Robin Sylvester the former CEO as well as other officials at a senior level and now there is a fact finding campaign by the Port by lower level employees again , in

particular Roxanne Nero an administrative assistant at the Port.

We discussed in length at the Townhall held by the ARC (Alderside Residents Committee) last Thursday July 27th at Old Orchard Hall in Port Moody that engaging with the Port on any level on an individual basis could prove very dangerous as they are trying to divide and conquer the individual licensees one at a time .

If you are or have been contacted by the Port we would request that you advocate for them to engage with us as group in a public setting and to contact the Alderside Residents Committee. Refer all inquiries through the committee. If you have already had a discussion, please forward that discussion to the committee

We would encourage any affected homeowners that have been contacted to forward any and all communication through the Alderside residents committee as the Port has recognized this as a formal committee and we will advocate on everyone's behalf to get a public hearing where all individuals can be heard and we can place this forum on the public record .

If there are other community associations or individuals that would like us to invite to join in communicating to affected stakeholders we would encourage you to contact us at aldersiderescom@gmail.com
